Re: AHSEPP Code 1574

Dear Mr. Odudukudu:

We are pleased to inform you that your Alternative High School Equivalency Preparation Program application for the 1995-96 school year has been approved. Enclosed is a copy of your approved application for your files. You are approved to operate an Alternative High School Equivalency Preparation Program for 16-18 year olds (16 year olds only who have reached the required attendance age). The program must operate a minimum of 12 hours per week.

Please note the above AHSEPP preparation program code which has been assigned to your program. This program code should be used by all students in your program when they are completing item 2 of the Application for the High School Equivalency Diploma and GED Testing. Including the program code along with a letter on your official school stationery from your program certifying the student's participation in AHSEPP and demonstration of readiness to test, will allow students to be eligible and scheduled to take the GED Test. This letter must have an original signature of the program coordinator or teacher.
